

2018 YWCA GREATER CINCINNATI IMPACT STATEMENT

EVERYONE DESERVES TO BE SAFE

Protecting the safety of women and girls is a primary pillar of our work at YWCA. We provide shelter, housing and interventions while we also work to prevent the cycles of violence.

FAMILY VIOLENCE PREVENTION & INTERVENTION

Family violence prevention & intervention services provide a continuum of services to help keep survivors of family violence safe and prevent future occurrences of violence.

PREVENTION SERVICES

YWCA provides prevention education to more than

3,000 students

about teen dating violence and bullying.

Over 96%

reported improvements to decision-making, optimistic thinking, and ability to resist unhealthy behaviors.

1,500 individuals

were trained on the impact of domestic violence and sexual assault.

INTERVENTION SERVICES

YWCA provides **shelter and housing to over 650 survivors** of domestic violence and their children. Shelter, food, counseling, and coordination of community resources are provided for the safety and stabilization of each family.

81% of survivors

developed a safety plan to be prepared in advance for the possibility of further violence.

77%

of those exiting temporary housing secured permanent housing.

62%

of those receiving housing and shelter were able to maintain or increase their income during a time of extreme crisis and trauma.

COMMUNITY-BASED INTERVENTION SERVICES

Community-based intervention services include court advocacy, case management and domestic violence services including specialized programming for child protection cases, immigrant survivors and those with disabilities.

400 adults

who have harmed their intimate partners received group services designed to help identify and change thoughts and beliefs, thus ending the cycle of domestic violence.

76%

of those that completed services were able to identify healthy relationship behaviors.

97% of survivors

with disabilities demonstrated comprehension of dating and domestic violence.
